# ATLAS INTEGRATION

We're Expanding  
our Capabilities

We're Strengthening  
our Core Services

We're Merging  
our Vision & Values

Valued Clients,

**We are excited to announce Materials Testing & Inspection will be changing our name to Atlas Technical Consultants LLC, effective October 1, 2020.** Since November 2017, we have been a part of the Atlas group of companies, with a wider operational base and the ability to deliver a more comprehensive suite of services to you and the rest of our valued customers. As Atlas, we will continue to serve our clients and local community as we have for 25 years.

Atlas now has a nationwide footprint located in 40 states with more than 140 offices and 3,200 employees. This provides additional resources and capital for us to keep our focus on providing you with the essential services and innovative solutions you expect from us and have seen us deliver over the years.

As we enter into this new era, the logos on our hardhats may change, but we will still be the same team of engineers, project managers, field inspectors, and lab technicians dedicated to providing you with the high-quality services you have come to know and trust over the years. I can assure you our commitment is to continue to operate as we always have, active in our communities, building relationships and striving to serve you in excellence in every project.

We have enjoyed a successful partnership with you, and we value our relationship. We look forward to continuing to provide you with the highest-quality service and solutions as an even stronger company.

## What are some changes you can expect?

- Since our legal entity will change, we will be reaching out to your company's appropriate departments to update any necessary contractual or prequalification information.
- On August 31, 2020, you will see our email addresses become [firstname.lastname@oneatlas.com](mailto:firstname.lastname@oneatlas.com). However, our MTI emails will remain active and redirect you to our new Atlas emails for up to a year to help us stay in touch.
- Our website will redirect to [oneatlas.com](http://oneatlas.com) and all social media pages will migrate to Atlas.

Please note, there will be no changes to our service or our team's phone numbers during this transition.

Moving forward, we are well-positioned for continued growth with an expanded network of professionals, which I am confident will benefit you as one of our valued customers. Your usual contacts remain the same and, as always, please don't hesitate to reach out with any additional questions.

Sincerely,

Timothy R. Morgan, PE, PMP  
General Manager

David O. Cram, PE, GE, MASCE  
Northern Division Manager, Western Region
